What even is the "Fachschaft"?

In German the "Fachschaft Mathematik" is actually defined as the set of all mathematics students (in Bonn). Therefore, if you are reading this, you are probably an element of it. In most cases though, it describes the student council: an open circle of very involved students who regularly organise events for you, are part of many committees to represent your interests and write informative texts like this one. So if you have any problems, questions, suggestions etc.: approach us anytime! We are there in order to help you.

You want to **contribute**? Join one of our meetings - Everybody is welcome! For further information and to join our Mattermost-Server write us an E-Mail.

We are always available for you in our office N0.001 from 12 to 14 o'clock.

FSR-Meeting:

(FSR means student council (Fachschaftrats).)
Wednesdays, 18 c.t. in the math centre, in room 0.011

New semester, new chances!

The new winter semester starts on the 9th of October. You can find the current planning status in **BASIS** (www.basis.uni-bonn.de). If you have any questions, you can always contact the **BaMa office** (www.mathematics.uni-bonn.de/study/contact) or send us an email (info@fsmath.uni-bonn.de).

On the 25th of October at 22 s.t., we organize a party together with the Musicologists and the Classical And Romanic Philology in the N8schicht.

Hello Newcomers

Welcome to Bonn university! We, the student council (in German Fachschaft), will be organizing events for you to have an easier and more fun start of your Master studies. We are planning several events for you to get to know other Master students, such as a Master Welcome and a Wine and Cheese evening. The Monday after that we will go to a sneak preview in the cinema WOKI. The details about the events and everything you can read here, can also be found on our homepage (switch to English to see Master events).

Please look into the Master-Freshmen-Information, which we will hand out on the 9th - there are lots of helpful articles written for you. Come to the events, join us to plan more events and enjoy your studies!

Question of the month

When a mathematician dies, does he get disfigured, dissolved, or disintegrated?

Master events

Master Welcome: On Monday, the 9th of October at 6 p.m., we will have an evening planned, where you can get to know each other. We will be doing some fun games but there will also be plenty of time to talk to people and find fellow students that take the same lectures as you. We will be providing some free snacks and drinks at cost price. In the last years this was lots of fun, so come around and join us!

Master WaCE: On the 12th of October at 7 s.t. be ready for a nice evening – the WaCE! It stands for “Wine and Cheese Evening” – A divine combination. We will provide you with free cheese and baguette, in addition you will be able to buy inexpensive wine from us. Cheers!

Sports at University

Next semester, you have the opportunity to participate in the university sports program! You can get a semester card (10 Euros) with which you can use the university’s sports facilities and register for sport courses. There’s a broad selection and something for everyone. More information is available www.sport.uni-bonn.de.

Mensa CAMPO

Between 11:30 and 14:30 (fridays until 14:00) you can get lunch, and the café has opened between 8:00 and 15:00. Besides places to sit either in or outside, one can also take their meal to-go (you need the Relveo App). If you don’t have a Mensa card yet, you can pick one up at the AStA or directly at Café Campo. You can only pay with a Mensa or EC card.

TVStud

TVStud is a movement that campaigns for better working conditions for student employees. Their demands include fair wages, co-determination rights, a collective agreement and an end to chain employment contracts. Support the movement by taking part in the digital demand survey for the collective bargaining round of the federal states (tinyurl.com/tvstud)! You have to be working as a student employee. Feel free to share the survey with your colleagues. To win, we have to be many! Because in the end, negotiations can only be as good as the pressure and movement that comes from us. You want to stay up to date? Then follow [@tvstud_bund](https://www.instagram.com/tvstud_bund) or [@tvstud_bonn](https://www.instagram.com/tvstud_bonn) on Instagram!

Riddle of the month

In the office there are three boxes. One contains red cards, one green ones and the last one has both mixed. All the boxes are labelled incorrectly. Lily opens one box, looks at one deck of cards and immediately knows the correct label of the other boxes. Which box did she choose and how did she know?

The answer will be on the next loo paper.

Solution of last month's riddle:

The exam consists of 18 questions!
